APRES SKATE

What we're all looking for, according to Marian, is a way to feel good about our bodies with the least amount of exhaustion after the work is done. "Easy exercise. That's why people are dancing their buns off in discos. They want to get that awareness of themselves without having to go out alone in a sweat-suit and run for miles. It's after skating, for me, that making love is the best, when my whole body is tingling and sort of aching for the cool change of sex. Getting out there on wheels, in Venice, is a kind of ritual dance, a great place to show your stuff and to meet people who have in mind just what you do."

SEMESTER GIRLS

You might have met one back in school, or you may see them today at train and bus stations, heading home for the holidays. These are the girls who've just had their first romance away at school, and like every young lover, they're discovering that all the good things they've got are supposed to be shared after all. Get the semester girls away from their young beaus for a drink and your work is done. The rest you can chalk up to experience.

YOUNG AS THEY COME

***"I guess I still
need a guiding hand."***

They say that the younger and inexperienced woman, the less inclined she'll be to really lay it out and let her hair down to enjoy sex. "It's different with European girls," Lydia says, "at an early age we are taught, at least, that sex is one of the gifts that women possess and that if we learn how to enjoy it we'll be worth a thousand other women. I've never had any fears of men, and I find that older men are more intimate, more willing to be intimate than young guys. I guess I still need a guiding hand."

LOOKING FOR TROUBLE

"Who says guys do all the spying?" Rita smiles. "We girls have our moments alone to fill too, and I, for one don't mind going on the record to say that high-powered peeping is not an exclusive male domain. I know a lot of girls, most of them my friends, who turn on by watching other couples get it on. Legal? Who cares. It's hot."

SPECIAL FAVORS

"Sure I've got a Sugar Daddy, got two,"

Alicia says, "but I'm not pulling anything over on anybody. Older guys know the price can be high, so if it's a young lady that you're after, you better be ready to put out as much for her as she will for you. That's all. A lot of older dudes want special favors from a young girl. There are no favors, and if a girl's still firm and pink and all that, she's going to be careful about where she puts her goodies and what she's trading them for. What gets me is that some men still think that their charm alone is going to get them all the young pussy they want."
